

The Annual Scientific Meeting of the Greater New York and New England Chapters of the SNMMI is a continuing education course designed for nuclear medicine physicians, radiologists, technologists, and scientists. Nationally recognized faculty will provide attendees with information that will enhance clinical practice. This year's program will review nuclear medicine applications to such fields as theranostics, cardiology, neurology, oncology, and therapy.

CALL FOR ABSTRACTS

The Greater New York/New England Chapters of the Society of Nuclear Medicine and Molecular Imaging are accepting abstracts for poster presentations for their upcoming Northeast Regional Meeting .

We encourage submissions of scientific abstracts and case reports from physicians, physicians in training, technologists, and students, including SNMMI members and non-members to either Rachel Powsner, MD of the New England Chapter (RPowsner@yahoo.com or Jeffrey Kempf, MD of the Greater New York Chapter (Jeffrey.Kempf@univrad.com), by Friday, October 20, 2023.

Honoring the memory of Dr. Hussein Abdel-Dayem the top three posters judged to have the highest scientific merit during this meeting will receive the following awards:

1st place: \$1,000 ■ 2nd place: \$750 ■ 3rd place: \$500.

All accepted abstracts will be published in Clinical Nuclear Medicine. Abstracts should be submitted as Microsoft Word documents, with a maximum word count of 500 words, and be divided into headings of Background, Methods, Results, and Conclusions. Embedded black and white images, graphs and/or tables are acceptable. At least one author must be present for a poster to be included in the judging for monetary awards. The judges will not accept previously presented abstracts at other meetings. Posters can be displayed starting the afternoon of Thursday, November 2, but must be on display by Saturday morning at 9 am, to be considered for monetary awards. Posters need to be removed by noon on Saturday. The winners of the abstracts judged by a panel of experts to be of the highest scientific merit will be announced at the conclusion of the poster presentation session at noon on Saturday, November 4. All accepted presentations will be in poster format (4' vertical x 8' horizontal boards).

FRIDAY, NOVEMBER 3, 2023

- 7:00 am REGISTRATION
Marriott Ballroom Foyer
- 7:00 COMPLIMENTARY BREAKFAST/
NON-CME PRESENTATION
Capital Room
- 7:55 WELCOME ADDRESS
Marriott Ballroom A-B
Jeffrey Kempf, MD
Lawrence Saperstein, MD

SESSION 1: PEDIATRIC THERANOSTICS
Moderator: Jeffrey Kempf, MD

- 8:00 Diagnostics: Considerations for PET
Imaging in the Pediatric Population
Frederic Grant, MD
- 9:00 Theranostics : Considerations for
Radionuclide Therapy in Pediatric
Cancers
Frederic Grant, MD

10:00 COFFEE BREAK &
VISIT THE EXHIBITS

SESSION 2: RADIONUCLIDE THERAPIES
Moderator: Maggie Doonan, CNMT

- 10:30 Radionuclide Therapy with Alpha
Emitters: Review of Fundamentals
and Current Trials
Lionel Zuckier, MD
- 11:15 Radiation Safety Considerations for
Radionuclide Therapies
Michael Zgaljardic, MS, DABSNM

12:00 pm COMPLIMENTARY LUNCHEON/
NON-CME PRESENTATION
Capital Room

SESSION 3: SNMMI ADVOCACY UPDATES
Moderator: April Mann, MBA, CNMT, NCT, RT(N)

- 1:30 2023 SNMMI Updates And Advocacy
Cathy Sue Cutler, Ph.D
- 2:15 2023 SNMMI-TS Updates
And Advocacy
Julie Bolin, CNMT

3:00 REFRESHMENT BREAK &
VISIT THE EXHIBITS

SESSION 4: GENERAL NUCLEAR MEDICINE
Moderator: Lawrence Saperstein, MD

- 3:30 The Solid Facts Behind Gastric Emptying
Mark Crosthwaite, CNMT
- 4:15 Considerations For Performing
Quality Hida Studies For Assessment
Of Biliary Dyskinesia
Mark Crosthwaite, CNMT

5:00 COMPLIMENTARY RECEPTION
Exhibit Hall

SATURDAY, NOVEMBER 4, 2023

7:00 am COMPLIMENTARY BREAKFAST/
NON-CME PRESENTATION
Capital Room

SESSION 5: NEUROLOGY
Moderator: Tony Abraham, DO
Capital Room

8:00 PET Imaging for Parkinson's Disease
and Movement Disorders
John Seibyl, MD

8:45 Current Status of Amyloid and Tau Pet
Imaging and Future Directions
Ilya M Nasrallah, MD, PhD

9:30 COFFEE BREAK &
VISIT THE EXHIBITS

SESSION 6: PROSTATE IMAGING
Moderator: Victor H. Gerbaudo, PhD

10:00 Diagnostic PSMA Imaging
Considerations
Heather Jacene, MD

11:00 PSMA Radionuclide Therapy
Considerations
Renee Moadel, MD

11:45 VISIT THE ABSTRACTS
Rachel Powsner, MD
Borys Krynycki, MD
Jeffrey Kempf, MD

12:15 pm COMPLIMENTARY LUNCHEON/
NON-CME PRESENTATION
Capital Room

SESSION 7: GYNECOLOGIC CANCERS
& HOLMAN-KAPLAN AWARD
Moderator: Victor H Gerbaudo, PhD

1:30 Advantages and Imaging
Considerations for Gynecologic
Cancers
Heather Jacene, MD

2:15 Gynecologic Cancers Case Review
Heather Jacene, MD

3:15 REFRESHMENT BREAK
Marriott Ballroom Foyer

SESSION 8: NUCLEAR JEOPARDY
Moderator: Mark Seltzer, MD

3:30 Nuclear Jeopardy Cases
Jeffrey Kempf, MD
Mark Seltzer, MD

5:00 Adjournment

SUNDAY, NOVEMBER 5, 2023

7:30 am COMPLIMENTARY BREAKFAST
Capital Room

SESSION 9: CARDIAC I
Moderator: April Mann, MBA, CNMT, NCT, RT(N)

8:00 Clinical Considerations and Pitfalls
of Performing Quantitative
Myocardial Blood Flow
Sanjay Divakaran, MD

9:00 Technical Considerations and Pitfalls
of Performing Quantitative
Myocardial Blood Flow
April Mann, MBA, CNMT, NCT, RT(N)

9:30 COFFEE BREAK

SESSION 10: CARDIAC II
Moderator: Kathy Krisak, CNMT

10:15 Use of Nuclear Cardiology for
Evaluation of Arrhythmic Risk
Mark Travin, MD

10:55 Key Points in Perfusion and Metabolic
PET/CT Imaging in Suspected Cardiac
Sarcoidosis
Sanjay Divakaran, MD

11:35 Use of Nuclear Cardiology to Assess
Patients Post Heart Transplant
Mark Travin, MD

12:15 Adjournment

MEETING REGISTRATION FORM

Please Type or Print Clearly

Name: _____
Last First Degree/Certification (MD, PhD, CNMT, RT)

Mailing Address: _____

City: _____ State _____ ZipCode _____

Cell () _____ e-mail _____

SNMMI Member Number _____

Check Appropriate Box:	Registration Fee
Physician/Scientist, SNMMI Member	\$350.00 <input type="checkbox"/>
Physician/Scientist, Non-Member	\$450.00 <input type="checkbox"/>
Resident or Fellow	\$185.00 <input type="checkbox"/>
Technologist, SNMMI Member	\$185.00 <input type="checkbox"/>
Technologist, Non-Member	\$325.00 <input type="checkbox"/>
Technologist Student	No Fee <input type="checkbox"/>

All fees include handouts, refreshment breaks, breakfast on Friday, Saturday and Sunday, lunch on Friday and Saturday, reception on Friday.

☐ If you have a disability, which requires special accommodations, please check here and advise us of your needs at least two weeks in advance of the program.

Please make check payable to:
GNYC, SNMMI
and mail to:

Mitchell H. Stromer
Northeast Regional Meeting, SNMMI

GENERAL INFORMATION

DATES: November 3-5, 2023
LOCATION: Marriott Hartford Downtown
200 Columbus Street, Hartford, CT 06103
Phone: 860 249-8000

REGISTRATION: Ballroom Foyer, Friday, November 3, 2023, 7:00 A.M..

A block of rooms has been reserved at the luxurious Marriott Hartford Downtown. Located in the Front Street District of Hartford, the Marriott Hartford Downtown overlooks the Connecticut River. Local Hartford attractions within walking distance include Infinity Hall, Spotlight Theater, Wadsworth Atheneum, The Bushnell, Old State House, and the State Capitol Building. The Connecticut Science Center, an interactive educational science museum for adults and children, is adjacent to the hotel. This Marriott Hotel combines the beauty of a grand hotel with contemporary amenities including a spa, fitness center, swimming pool, upscale dining at VIVO, a stylish bar scene at L BAR, Starbucks lounge, and high-speed Internet access.

Hotel rooms can be reserved by visiting the www.greaternycsnmmi.org website and clicking on Upcoming Events. Rooms are \$165.00 plus tax and the cutoff date is October 2, 2023. Reservations can also be made by calling 866-449-7390.

TARGET AUDIENCE

This meeting is intended for all nuclear medicine physicians, scientists, physicists, technologists, and nursing professionals.

EDUCATIONAL OBJECTIVES

After participation in these sessions attendees will be able to:

1. Discuss considerations for oncologic PET Imaging performed in the pediatric patient.
2. Discuss various imaging techniques for oncologic PET performed on the pediatric patient.
3. Discuss considerations when performing radionuclide therapy in the pediatric patient.
4. Discuss radiation safety considerations when performing radionuclide therapy for a pediatric patient.
5. Discuss the clinical value of thermostics in the pediatric population for patient management and treatment.
6. Discuss clinical considerations and developments for performing radionuclide therapies with alpha emitters.
7. Discuss radiation therapy considerations for performing radionuclide therapies.
8. Discuss latest SNMMI advocacy initiatives affecting the field of nuclear medicine and molecular imaging.
9. Discuss latest SNMMI-TS advocacy initiatives affecting the field of nuclear medicine and molecular imaging.
10. Discuss considerations for performing quality gastric emptying procedures.
11. Discuss considerations for performing quality HIDA studies for diagnosis of biliary dyskinesia.
12. Discuss the value of PET imaging for the diagnosis of Parkinson's Disease and other movement disorders.
13. Discuss developments and future directions in tau and amyloid PET imaging for neurologic diseases and disorders.
14. Discuss various clinical considerations and recent developments for PSMA PET imaging.
15. Discuss various clinical considerations and recent developments for radionuclide therapy for the management and treatment of prostate cancer.
16. Discuss clinical and imaging considerations for gynecologic cancers.
17. Discuss various artifacts and normal variations that may occur when performing PET imaging for gynecologic diseases.
18. Discuss artifacts and errors that may occur when performing various nuclear medicine and molecular imaging procedures.
19. Discuss clinical considerations for performing cardiac PET with myocardial blood flow.
20. Discuss technical considerations and artifacts that may occur when performing cardiac PET with myocardial blood flow.
21. Discuss the clinical advantages of various nuclear cardiology procedures for the evaluation of arrhythmic risk.
22. Discuss the clinical advantages of Cardiac PET for the assessment of cardiac sarcoidosis.
23. Discuss the clinical advantages of cardiac PET MPI for post-transplant assessment.

NUCLEAR MEDICINE TECHNOLOGISTS: VOICE CATEGORY A CREDITS

The SNMMI, through its Verification of Involvement in Continuing Education (VOICE) program, has approved this meeting to offer continuing education hours (CEHs), final hour count TBD closer to the meeting. VOICE-approved credit is recognized by most licensure states and by the NMTCB and ARRT as Category A credit. Participants will receive CE credit for those sessions at which they were present a minimum of 80% of the session.

PHYSICIAN: CONTINUING MEDICAL EDUCATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Society of Nuclear Medicine and Molecular Imaging, Inc. (SNMMI) and the New England and Greater New York Chapters, SNMMI. The SNMMI is accredited by the ACCME to provide continuing medical education for physicians.
